TOWIE's terrible twins!

**Meet the Essex

**AMY
BROADBENT**

(left, or very possibly right) and her twin sister Sam entered **TOWIE** last week like a huge-haired lightning bolt, bowling into the Sugar Hut toilets and accusing Lucy Mecklenburgh's fiancé of trying to sleep with her. Cue vowel-torturing recriminations, rivers of mascara and a cancelled wedding. Naughty Amy. Or possibly Sam.

If all the above just sounds like we're speaking Greek, don't trouble yourself, just look – hot twins! In their knickers!

Assassin's Creed IV revealed!

It's called *Black Flag*. And it's about pirates! Aaarr!

➔ IT'S NO surprise that after *Assassin's Creed III* was only outsold by gaming behemoths *Call Of Duty* and *Fifa* last year, publisher Ubisoft would want to expedite the next title swiftly. Hence there are no fewer than eight international studios beavering away on the next instalment. And this one features pirates! Called *Black Flag*, it's set in the Caribbean of 1715 and stars double cutlass-wielding Brit buccaneer Edward Kenway. They'd better code fast, as it's due out for all formats – including PS4 – this Christmas. Here be info!

Auditions for the new Bond girl were going badly

MEET YOUR HERO

Edward Kenway is an ex-privateer in the Royal Navy who turned to pirating after being given his marching orders. He's resourceful, charismatic and clever, a born leader and not averse to assassination.

"Hold fire a minute – I've lost my contact lens!"

AWESOME, VARIED LOCATIONS

As it's set in the Caribbean, there's enormous scope for gaming venues – from the cities of Havana and Kingston to forts, desert islands, plantations, sea battles and even underwater shipwrecks.

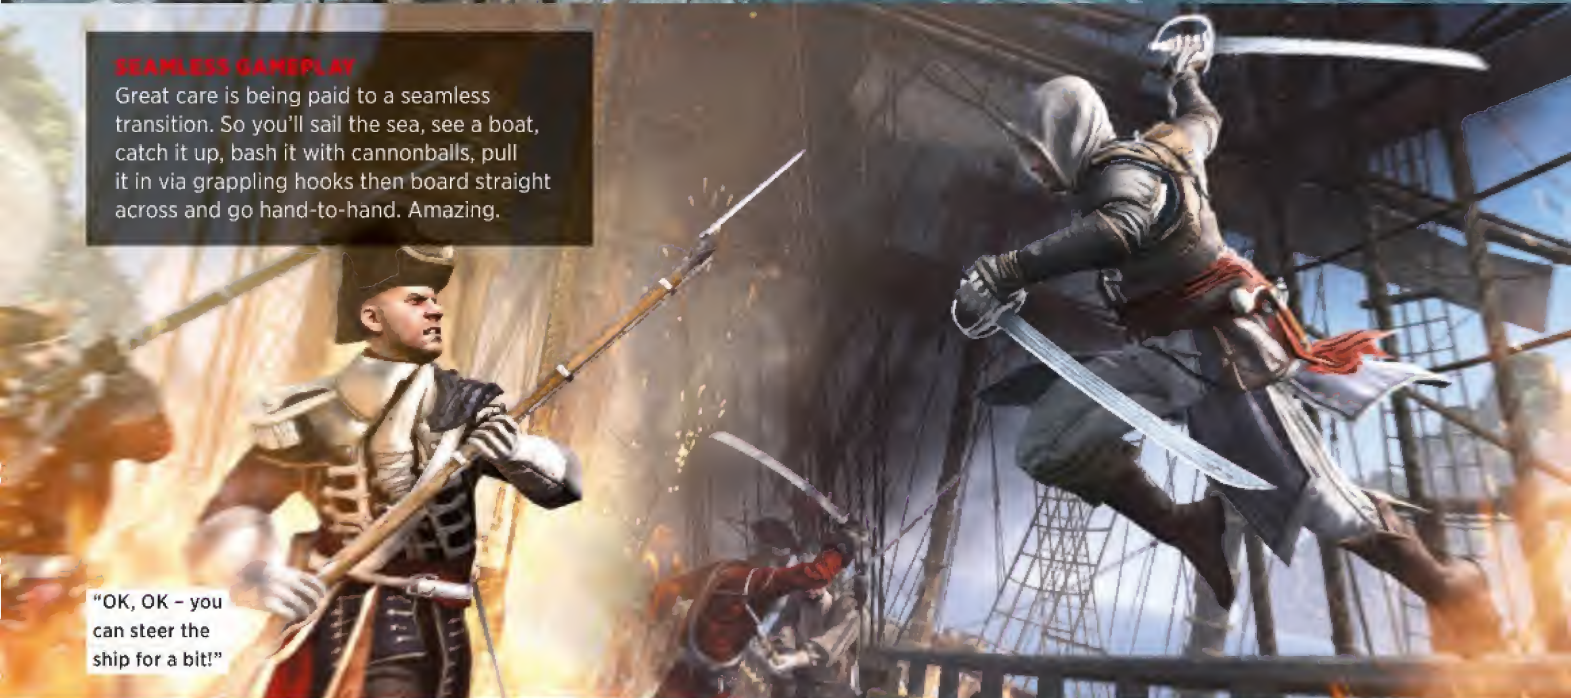

"Reel her in, Barry! I think she's biting!"

PIRATING WORLD

As with all *Assassin's Creed* games, this is set in a genuine historical period, during the pirate republic, and stars famous cutlass-wielders like Blackbeard, Calico Jack and even lady pirate Anne Bonny.

SEAMLESS GAMEPLAY

Great care is being paid to a seamless transition. So you'll sail the sea, see a boat, catch it up, bash it with cannonballs, pull it in via grappling hooks then board straight across and go hand-to-hand. Amazing.

"OK, OK - you can steer the ship for a bit!"

The Queen's Platinum Jubilee flotilla was under way

NAVAL WARFARE

See a ship through your spyglass and you can chase it, attack it and board it. This will be escalated into epic sea battles against the Royal Navy. Your ship, the Jackdaw, can be upgraded as you grab booty.

Partridge's mad gun rampage!

Alan goes postal on the streets of Norwich for his new movie!

➔ **FILMING'S BEEN** furiously going on in the glamour locations of Norfolk – Sheringham, Cromer Pier and Norwich Market – for the sturdily titled *Alan Partridge: The Movie*, due out in August. Little is known of the plot, but we have seen Alan running around Cromer Pier, brandishing a rifle, and can confirm that he's still employed by North Norfolk Digital, and Irish actor Colm Meaney and Brit Sean Pertwee are in it. And it's a comedy. Probably. What are we, fortune tellers? Men who come back from the future to tell you the plot of the Alan Partridge movie? No. Sorry!

WORDS: RORY BUCKERIDGE PHOTOS: REX FEATURES, WENN

DEAD-EYE DJ!

IT'S RADIO NORWICH'S FINEST!

Steve Coogan brought Alan back to TV last year after a ten-year gap.

TOOLED UP!

The DJ rampaged along Cromer Pier brandishing a rifle. Spree killing's easier in a smart-casual outfit!

MEET THE MAYOR!

Alan meets Norwich's fictional mayor. (We checked, Norwich's actual mayor is not this man.)

ALAN VS THE WORLD!

The plot concerns a huge media company taking over North Norfolk Digital – Alan's radio station.

Partridge gags!

The best of Partridge...

- "I can read you like a book. And not a very good book. Certainly not *Bravo Two Zero* by Andy McNabb. Which actually improves with every read."
- "You know what this room says to me? Aqua. Which is French for water. It's like being inside an enormous Fox's Glacier Mint, which again, to me, is a bonus."
- "I know lying's wrong, but if the Elephant Man came in now in a blouse with some make-up on and said, 'How do I look?' Would you say, bearing in mind he's depressed and has respiratory problems, would you say, 'Go and take that blusher off, you misshapen elephant tranny!' No. You'd say, 'You look nice, John.'"
- "I do like that toilet. It's very futuristic, isn't it? Very sort of high-tech, space age. I can imagine Buck Rogers taking a dump on that. In the 21st century. Can I have a go?"
- After consummating his relationship with his girlfriend: "Well, Sonja, that was classic intercourse."
- "Who's this beautiful man with a lovely voice? It's Annie Lennox!"
- "The temperature inside this apple pie is over 1,000 degrees. If I squeeze it, a jet of molten Bramley apple will squirt out. Could go your way, could go mine. Either way, one of us is going down!"

PARTNERS IN CRIME!

Actors Colm Meaney (left) and Sean Pertwee turned up for filming. Pertwee's a copper, obviously.

The new £175k Lambo!

Meet Lamborghini's latest – a 31mph tractor!

- Quick history lesson. In 1916, Ferruccio Lamborghini was born in the Emilian lowlands, a rural Italian farming region. It was 28 April, making him the zodiac sign of Taurus the bull. In 1948, he built his farmer dad a tractor using parts from Second World War military vehicles. As his business grew, he started making heating systems and helicopter prototypes.
- The Italian government refused authorisation to sell his helicopters so, in the early '60s, Lamborghini set about building the world's first production

mid-engined supercar. Why? Because "the other sports cars weren't good enough". With sights set to out-Ferrari Ferrari, he employed several Ferrari workers and the rest, as they say, is history.

- But despite their farm vehicles living in the shadows of carbon-fibre Aventadors, Lamborghini tractors are still in fine shape – proved by the latest offering to wear the chromed bull bonnet badge, the Nitro.
- The Nitro has been designed by Giorgetto Giugiaro –

officially the car designer of the century. He has designed over 160 cars, including such legends as the Mk1 VW Golf, BMW M1, Audi Quattro and Michael J Fox's DeLorean DMC-12.

- He's provided the Nitro with LED lighting, extended mudguards, a curvy striped bonnet with honeycomb grille and colour-coded side vents that look like high-end hi-fi speaker covers.
- The cab boasts panoramic convex windows giving a 360-degree view, climate control, a slick three-spoke steering wheel, a fold-down seat for mates and

a fully damped driver's chair. All at just £78k less than an Aventador.

- It has a field-worthy 3.6-litre four-cylinder turbo diesel that has up to 120bhp and a top speed of 31mph. But it does have up to 60 forward and 60 reverse gears. And it can tow up to 6.5 tonnes.
- For tight corners, there's the option of an SDD – a Steering Double Displacement pump – which reduces the number of steering turns lock-to-lock. Handy for track days and drifting. Now we want to own a small holding!

All-new Simon Amstell gags!

Just-opened funnies from the baby-faced assassin!

On sex!

"One of the reasons I didn't get a lot of sex years ago is that I always said the wrong thing. I found myself in a room, sitting between two people on a bed, and one said, 'Hey, we should have an orgy.' Rather than saying, 'Yes, we should, because that's what you want because you just said it, that's what I want, let's see what these people think,' I said, 'This is a good room.'"

"My personality just won't let me do the things other parts of me wants to do. My personality is just not suited to fun. What I bring to a social setting is humour, but I don't think people want humour and an orgy. Nobody wants a sarcastic blow-job. You can't ironically finger someone."

On drugs!

"I remember reading *To Kill A Mocking Bird* at school and there's a character who wants to get off her addiction to morphine. She knew she was dying in a couple of months and she wanted to give up her addiction. I remember thinking at school, 'What a stupid thing to do. If I knew I had two months to live, one of the things I'd take up would be morphine.' I've had it for an operation. It's like a hug from the inside. It feels like love with none of the bother. You wouldn't want to give it up. You'd double the dosage!"

"We're all addicted to something. Rather than feeling that there's this void that needs filling, we should just appreciate things that we have already. Warmth, shelter, food, water. But we don't appreciate those things. We just think of those things as something nice to have after some drugs."

On America!

"What's the point of trying to break America? People in Japan still don't know who you are. Nobody is actually famous. We're all regional in the end. Then we die."

On Russell Brand!

"I knew Russell Brand when he was a drug addict. I didn't realise he was a drug addict, I just thought he was just a cool guy with a pipe. He was hosting this comedy gig and I said, 'That's such a cool look, maybe I should have a pipe.' He looked at me like he didn't know if I was being an idiot or sarcastic. I was an idiot because he was smoking crack. To warm up the audience, he threw out dead mice and live grasshoppers, picked a fight with a big man in the front row, then to avoid that fight, said, 'Please welcome Simon Amstell!' It's very difficult to keep a crowd's attention if they're removing mice from their breasts."

On Jessie J!

"Jessie J says she is going to shave off her hair for Comic Relief. All her hair just gone, it's such a selfless act. But also, so full of self. It's saying, 'This cause is more important than my image, but also, hey, look at my new image!'"

On improv!

"I've never done improv professionally so I've got a lot of respect for it. The first rule of improv is 'Don't block'. If someone says, 'Welcome to the castle, Miriam,' you mustn't say, 'This isn't a castle. Who is Miriam?' You say, 'How's your wife?' They say, 'She's fine.' And that's improv. You mustn't say, 'I have no wife, I'm allergic to wives.' Stick to: 'She's fine.' 'Have you seen Albert's new shoes?' Don't say, 'Albert has no feet!' Say, 'Yes, I have, they're in a cupboard.'"

On penguins!

"I saw a thing about penguins the other day, just penguins jumping about. Penguins don't know what the f**k they're doing. They had to get to the sea and they climb down these rocks. You'd have thought penguins would have evolved to know how to climb down rocks. That's part of their evolution and breeding. They were just falling off these rocks. They should be better at that. Why haven't they evolved claws?"

On inventing the restaurant!

"I remember saying to someone, 'You know when you meet up with someone and say, 'Maybe we'll have a drink, or have some food.' You might not be hungry or thirsty, you might just want to meet with the other person. There should just be a meeting place where you sit and you meet. That would be real. Then I thought, maybe after about half an hour, people could get quite hungry. And I invented the restaurant!'"

On BBC3!

"Maybe if BBC3 made some of their programmes a bit better, young people wouldn't be forced into taking so many drugs!"

● Simon plays Give It Up For Comic Relief, Wed 6 March, Wembley Arena. See rednoseday.com

'I had to pull my leg out of a machine!'

Routing machine mishap makes a mess of *Nuts* reader's ankle!

➔ **THIS NASTILY** lacerated limb belongs to *Nuts*-reading engineer Darren Johnson, whose routine machine maintenance job ended in disaster.

The Leicester chap recalls, "I was fixing the grease motor on a routing

machine when the track motor clung to my foot and smashed against a block."

The out-of-control appliance sliced clean through every bone in his ankle, stripping away the skin and flesh for good measure. "I had to pull my own leg from the machine and rotate it the right way,"

says Darren. "It didn't look right. It looked like a doll's leg!"

At hospital, the ankle was rebuilt from scratch and Darren had skin grafts and a vacuum device fitted to aid his recovery – meaning he'll be off his feet for at least 16 weeks.

LETTER OF THE WEEK!

'She doesn't "like" me'

My missus pays more attention to Twitter and Facebook than me. Whether we're chilling on the couch, or out for dinner, she's always seeing what others are up to. How can I get her to pay more attention to me than her iPhone?

GEORGE Brentford

Where's your self worth? Sometimes relationships need ending instead of fixing. But if you're head-over-heels and blindly in love, take control. Remove the phone from her hand, lean in and kiss her. It seems you need more fire in the relationship. Be bold or walk on.

Exchanging eye contact is far more invasive and upfront than just talking to her. The fact that she has invited you into her eyes on numerous occasions means she's waiting

for you to break the ice. Just say hi and roll with it. Take a careful note of what she's wearing. She has probably been fretting every morning about what to wear.

'Am I just her rebound?'

How can I tell if I'm just a girl's rebound bloke? The girl I've been seeing is great, but she's just come out of a serious relationship and I keep thinking she's just using me for sex.

WILL via email

The more time you spend worrying about your relationship, the less time you're experiencing it. As long as she's not on her phone all the time like George's bird, you shouldn't worry. Are you seriously complaining about being used for sex? Nothing in that makes sense to me!

"How much does a new brain cost?" asks his son.

"We have a man's brain, which is £5,000, and a woman's brain, which is £200," explains the doctor.

"Why's the man's brain cost so much more?" asks the son.

"Because the woman's brain has been used!" comes the reply.

Rosie Jones

Hello Rosie! What's new with you?
Hello! Everyone's been going on about the Harlem Shake video we made. We were quite drunk when we did that!

What's the most amazing thing you've seen in the last day?

The boobs today. They all look amazing. But I haven't seen Lacey for a while and she's looking incredible.

Who's the sexiest brunette in the world right now?

Miranda Kerr. I want her to be my wife because she's amazing. And if I can't have her, I'll have Holly, India or Lacey, please. They'd make lovely wives!

We hear you're a bit of a prankster. What's the best joke you've played on someone?

I kidnapped my friend once. I sneaked up behind her, put a blanket over her head and bundled her in the boot of a car. Then I drove to a forest, let her out of the boot, drove off and left her there. She was terrified! In my defence, I did go back and get her later.

Er, we're a bit scared now! Who's the most mischievous girl on the shoot today?

Holly. She gets away with so much. People look at her and think she's this really mature, responsible girl, but I know the real Holly Peers. She gets drunk and does crazy things.

If you were any kind of food in the world, what would you be?

I'd be a hot pepperoni pizza. Because I love pizza, and I'm a bit spicy. Not because I look like one!

Do you have any secret talents?

I hold the world record for taking my bra off and putting it back on. I did it about seven times in a minute. It would have been more but the moderators watched closely! ►

**"I really want
Miranda Kerr
to be my wife!"**

Holly Peers

Hi Holly! We've been enjoying your Harlem Shake video. How did that come about?
Ha-ha! That

happened in Barbados. Somebody posted this Harlem Shake video on my Facebook wall, so I showed the girls. The more drunk we got, the more we wanted to do it. Next thing I knew, I was wearing a sports bra, some bikini bottoms, and a basket on my head!

It's been a huge hit!

I know, it's great! But if I'd known how many people were going to see it, I'd have worn something sexier.

Is brunette the sexiest of all the hair colours?

Recently, I've found myself being swayed by redheads. I mean, just look at how fit Christina Hendricks is!

Of all the girls on today's shoot, who's the most mischievous?

Rosie Jones is so feisty. We'll be on a shoot and she'll just throw something at you! I've worked a lot with her recently and we've become really good friends. But she's still mental.

When was the last time you accidentally flashed someone?

The other night. I wore a new dress to a restaurant. Then, at the end of the night, I got up to leave and my friend told me you could see straight through the back of my dress and my bum was hanging out. I did get a free cocktail out of it though!

Do brunettes have a dark side?

You're asking a person who posted a video of themselves doing the Harlem Shake online. Maybe "wild" would be a better description.

Thanks, Holly! Finally, do you have any hidden talents?

I just get my boobs out. Ha-ha! I'm learning to drive soon, so look out on the roads! ►

"I accidentally flashed in a restaurant!"

Lacey Banghard

Hi Lacey! Has everything calmed down since you were on *Celebrity Big Brother*?

Hello! I've been really busy. I wish there had been a few younger people in there with me. At times it was like having afternoon tea at a residential home. But it was quite funny when someone ripped my bath towel off!

What's your favourite TV show?

I don't watch much TV. I did watch the Grammy awards recently, but I didn't even turn the TV on for the Brits. That's a Brit bad, isn't it? Ha-ha!

Oh dear. What's on your iPod these days?

There just isn't any music I'm really into at the moment, but Ed Sheeran's cute.

Are brunettes the sexiest of all?

Yes. We have way more fun than blondes. We're far more sexy and more natural looking.

Do you have a dark side?

Of course, everyone does. I can be pretty naughty. On a scale from one to ten I'm about a seven in terms of naughtiness.

Who's the sexiest woman in the world right now?

I think Jennifer Lopez. Or maybe Rosie Huntington-Whiteley. She's dead sexy.

When's the last time someone played a prank on you?

Once, my boiler broke. My brother gave me the phone number of what he said was a really good plumber. I rang it and it was Bedfordshire Police!

You and the *Nuts* babes always look like you have wild nights out. Can we come next time?

We're planning a big one soon. You'd be welcome to come, although I'm not sure you'd be able to keep up! ▶

“Everyone has a dark side – I can be pretty naughty!”

**“I’d love to
do a shoot
with Jessica
Alba!”**

India Reynolds

H

ello India! How are you?

Hello! I'm looking forward to it not being so cold.

Also, I've been watching the other girls in the Harlem Shake video. I think we should make a *Nuts* one.

Are brunettes as mischievous as people say?

Absolutely! We're mysterious. Also, we always look like the girl next door. Everyone used to be all over blondes, but we're making a booby stand.

What makes brunettes so sexy?

I think it's the way the hair, skin and eyes combination play off each other. Smouldering.

Who's the sexiest brunette in the world at the moment?

Adriana Lima. She's so hot. Jessica Alba also has it going on. She's very sexy indeed. I'd love to do a shoot with her.

Apart from this shoot, when was the last time you saw a pair of boobs that weren't yours?

On holiday in Marbella recently. I went with my friend, and we like sunbathing topless.

Have you ever accidentally flashed someone?

Yes, I do it all the time. When I go shopping with my friends, I have a bad habit of leaving the changing room door open when I try on new clothes.

What's caught your eye in the news recently?

I got fed up of all those people getting on their high horses about the horsemeat scandal – excuse the pun! But it's just meat. So what?

Finally, how can a guy make himself irresistible to you?

All girls love a challenge. So don't be too full-on, be more chilled out. Being funny also helps.

Nitro Circus star Aaron Fotheringham talks to *Nuts!*

LAS VEGAS-BORN 21-year-old Nitro Circus star Aaron "Wheelz"

Fortheringham talks to *Nuts* about his life as the world's mightiest wheelchair stuntman...

Hi Aaron! First off, why are you in a wheelchair?

Hello! I was born with spina bifida, a congenital birth defect. I started out on crutches, and back when I was still coming to terms with it all I felt a little restricted because my friends were doing things I couldn't. But then I ditched the crutches, got on my wheelchair, and never looked back. The wheelchair is something that empowers me rather than holds me back.

Do you recall the first time you went to a skate park and tried a mad stunt?

I started going to skate parks with my older brother at the age of eight. For my first stunt I tried to hop a curb and fell off, so I tried it again and again until I got it right. Ha-ha!

When you started out doing stuff like this, did people try to stop you?

Yes, my teachers were a bit concerned for my welfare at times and yelled at me for doing tricks at school. They would tell me I was crazy. But nobody really tried to hold me back. If they knew me at all, they knew that wouldn't work!

In 2006, you did your first wheelchair back flip. How did that come about?

It was 13 July at 8.57pm exactly. I'd been working hard in the foam pit, then I finally did it and I came away thinking, "No way!" There were a load of BMXers and skaters there watching it. The thing was, nobody had ever done that

on a wheelchair before. You could say I made history. The back flip was only the beginning. A few years later I did a double back flip and last year I landed a 50ft jump off a megaramp.

What's the most insane thing you've done?

I've done some crazy stuff. Probably the most scared I've been was doing the loop. That didn't end very well for me. The proudest I've been was after my first double back flip.

What other tricks have you got cooking?

There's something in BMXing called the superman, where the rider completely lets go of the bike while in mid-air, then regains control of it and lands. To do that on a chair would be amazing.

Now you're working with the hell-raisers at Nitro Circus. How did that come about?

I had an email through my website saying they'd heard about my stunts and wanted to get me involved. I didn't need asking twice. Last time I came over to the UK, I knocked myself out in Manchester. I've been working on some new things since then. You'll just have to wait and see what happens.

What's the Nitro Circus lifestyle like? Does it involve parties galore?

Unlike some of the other guys, I'm not a total party animal. I prefer to sit back and watch everyone else party. After the guys are done risking their lives, they feel pretty good about still being alive, so it can get a little crazy!

Do you get groupies?

Ha-ha! Let's just say we have a lot of fans, some of whom are female.

We'll bet! Who's your idol?

Chad Kagy [American BMX rider]. He's always there behind me, at the top of the ramp before I go down, guiding and motivating me. He's a legend, for sure.

Do you think last year's awesome Paralympics dispelled some myths about disabled people?

I didn't watch it. I know that's bad, but I don't watch any TV at all. I spend all my time in skate parks. I consider myself an able-bodied person in a wheelchair. I can do anything anyone else can.

What's the biggest load of rubbish you've heard about people in wheelchairs?

What drives me nuts is people automatically judge me and think I'm helpless. For example, when I try to use an escalator people freak out. People's preconceptions are one thing I'd like to change.

You say that one day you want to design the world's most wicked wheelchair. What's it going to look like?

The biggest adjustment we can make is to put mountain bike shocks on them and make it more durable without sacrificing any of the stability or manoeuvrability. We've actually been selling a lot of modified chairs.

How about one that has flames coming out of it?

Ha-ha! That would be cool. But it could be a fire hazard at some venues.

Fair enough! What else do you have planned?

This year, I'm working on perfecting what I already have and landing some new stuff. I'd like to get more people doing this, maybe even the able-bodied. Hopefully, one day, we'll have a big movement of people shredding parks on wheelchairs!

Do you see yourself as an inspiration to others?

I hope I can show people, especially in wheelchairs, that it can be a good thing. I always say I'm not in a wheelchair, I'm on a wheelchair. It's awesome as you have wheels strapped to your ass. The only limitations are in your mind! **X**

H

ello Seth! This new flick of yours, *The Guilt Trip*, about a guy who goes on a road trip with his mum is somewhat a bit tame for you, isn't it? Where are all the rude bits?

Ha! Thank God it's not raunchy because that would be the grossest movie of all time! My mind's always in the gutter, yes, but this is a buddy road trip with a mother and son. It was nice that my butt was nowhere to be seen.

Would you go as far as to say that the film signals a change in direction for you?

The script was different. I usually make really filthy movies, but the script was really good and hit me emotionally. There aren't a lot of comedies about mothers and sons, if any. That's what I liked about it. Everyone, if you're a human being, has a mother, so it's very relatable.

In the film, your mum's played by legendary actress Barbra Streisand. Did you feel obliged to mind your Ps and Qs whenever she was around?

I didn't censor myself – I like to say gross sh*t every once in a while and she wasn't fazed. She's known much dirtier people than me throughout her life. She cracked me up. There was a lot of me trying to explain to her things about modern times. I showed her she had a Twitter account. She didn't even know it. She's always fussing and touching my hair. She's like my real mother in a lot of ways. I could swat her away like she was my actual mother.

Does anything about your own mum make you cringe?

My mother's very embarrassing on a regular basis. She posts stuff on Facebook that's humiliating. My mum was a hippy and talks about sex way too much. I can't even say some of that sh*t she comes out with. I think she thinks it's funny, but she's inappropriate at times. She'll say dirty stuff. Super-dirty.

Hang on, so you – king of gross-out, Seth Rogen – regularly gets grossed-out by your mum?

Very. My mum drives me crazy. I have a good relationship with her, but when I'm around my parents I find myself reverting to a 13-year-old version of myself who just doesn't want to be there. For no reason. I'll get annoyed and I find myself being really argumentative and short with my parents. And I'm aware I'm doing it. Your instinct is to rebel, and I'll just act like a d*ck.

You said on Twitter you were moving to Colorado because they've just legalised marijuana there. How's that going?

Actually, Vancouver has the best marijuana on Earth. I'm not just saying this because I'm from there, but it's really strong. I'm used to it, but I always have to warn people.

Are you stoned right now?

Probably. There's probably some in my system.

Did you try to offer Barbra Streisand any "jazz cigarettes" during filming?

I did try. She wouldn't do it, but she told me she smoked pot with Peter Sellers [legendary comic actor]. That's like the

Bonkers Rogen facts!

- Seth did his first stand-up routine when he was only 13 – it was at a lesbian bar in his home city of Vancouver!

- Seth would deal with hecklers by saying, "I'm 13. In 30 years, I'll be 43. You'll be dead."

- He dropped out of school at 16 and was taken under the wing of movie-making legend Judd Apatow.

- Seth is set to take on a cameo role in cult American comedy *Arrested Development* when it returns in the summer.

- Seth was one of the team of writers behind Sacha Baron Cohen's hit 2009 flick *Brüno*, where he picked up a camp Austrian accent.

greatest story of all time. Barbra's got good stories – I could sit there all day and think of a celebrity, like, "What's Marlon Brando like?" And she'd have a story. She met Elvis! And she got high with Peter Sellers.

You're a, er, laid-back bloke. How do you find the long days on set?

It's hard to be funny at 7.30 in the morning. For me it is. I have to get my head right. The stuff in the car was fun because we just got to sit there, which is great. I hate running around. I'm always looking for that role where you just sit.

This is a road-trip film – can we have some top road-trip tips?

Just don't do it. You'll find out the urinary patterns of your mother. When I was 16, I drove across Israel with my mum. We got to know each other, but every time we checked into a hotel, the Israeli people thought we were a couple, which was disgusting.

What's your favourite road-trip movie?

I like *Planes, Trains & Automobiles*. It's really good. Are they ever on a train in that movie? They are. And they're in the back of a pick-up truck at one point. That's an automobile, I guess, so the title describes the movie exactly. They are, in fact, on planes, trains and automobiles. Steve Martin and John Candy. It's great. John Hughes directed it, weird soundtrack.

Awesome film! Now that you're a megastar, what do you blow your millions on?

I've gone through various phases. I collect a lot of action figures and Japanese toys. I used to collect comic books, but the comic books of my generation – the '80s and '90s – are worthless. I have a lot, but I don't know if it can be called a collection if it's worthless – that's just hoarding. I might just be a hoarder.

Thanks for the chat, Seth! Finally, you once said you could take Jason Statham. Really?

What, the *Expendable*? The bald guy, perhaps most famous for his cheeks? I guess I must have said I could take him. But I dunno, he's a tough guy. 

- *The Guilt Trip* is in cinemas from Friday 8 March.

She is leaning against a white vertical frame, possibly a window blind or door frame, with her right arm raised and resting on the frame. She is looking towards the camera with a slight smile. The background is a bright, out-of-focus window showing a glimpse of greenery outside.

Hi Kym! How does it feel to be doing your first *Nuts* shoot?

Amazing! It's a pleasure to be in a *Nuts* shoot. Everyone I know will be very proud.

Had you done any modelling before this shoot?

Nothing like this. I've been a big part of Page 3 Idol before, and made the final 12, but that was nothing compared to this.

How would you introduce yourself to the readers?

I'm bubbly and outgoing. Everyone compliments me on my boobs! I help out in my mum's sandwich shop, too. I've gone from butties to boobies!

What's your favourite thing about *Nuts*?

The girls always look stunning. If I had to choose one thing, though, I'd go for the gags. *Nuts* always cheers me up!

Who's your favourite *Nuts* girl?

Lucy Pinder. I also like one or two of the newer ones coming through. There are so many to choose from, though.

What sort of thing do you look for in a bloke?

I like tall blokes with dark hair and blue eyes. Above all, he must look after himself and have a charming smile.

What are your future plans?

My ultimate dream is to start my own modelling agency looking after other sexy girls.

What would your ideal sexy shoot involve?

The location would have to be somewhere picturesque and hot, with a bunch of other girls, including Lucy Pinder!

Nice one, Kym, thanks for the chat. Finally, do you have any hidden talents?

Well, I'm running the London Marathon for Help For Heroes. My brother's serving in Afghanistan, so I try to do a bit for the troops.

"*Nuts* always cheers me up and the girls are stunning!"

CHANNEL 4/HD • 9pm

If you take this movie at face value, which is quite simply an aliens-attacking-Earth sci-fi flick, it's alright. On release, it got rubbish reviews, but if you fancy some fun watching a bunch of LA mates waking up to discover life will never be the same again thanks to some incredibly hostile ETs, it's entertaining enough.

Lovely Molly

SKY MOVIES PREMIERE/HD • 11.15pm

When Molly moves back into her childhood home, she expects to find a place full of warm, fuzzy memories. However, the dream soon turns into a nightmare when strange disturbances cause havoc and she unearths a troubling history. Creepy horror from the makers of *The Blair Witch Project*.

England vs Italy

BBC ONE/HD • 2.20pm

England's bid to win the Six Nations title continues against the Azzurri at Twickenham. Italy have one win to their name so far – against the hapless French – but Italy are one of the weaker teams in the tournament, so we expect Stuart Lancaster's men to control this, edging closer to the Grand Slam in the process. Come on!

Top Gear

BBC TWO/HD • 8pm

Whenever the *Top Gear* boys take on a challenge, you can guarantee things won't go according to plan, but this is something else! Having set out for the source of the Nile last week, beset by mad traffic, mudslides and rubbish map-reading, the trio are making progress. Or as much as you can in three dodgy old estate cars.

★★★★★

Daft action hokum starring Bradley "The Hangover" Cooper as a struggling writer who's given the opportunity to boost his brain power and general performance as a human being by taking a new pill. ★★★★

Bomb Patrol

CHANNEL 5/HD • 10pm

There are a few military documentary series doing the rounds right now, and they're all ace. This one follows a US Navy bomb disposal team on a five-month tour in Afghanistan, where pretty much anywhere can be home to the scourge of the Allied forces – the Improvised Explosive Device, better known as the roadside bomb.

SKY ATLANTIC/HD • 10pm

SKY SPORTS 2/HD • 7pm

If Arsenal get past Bayern, they'll still have a chance to end their eight-year trophy drought this season. But they'll have to overturn a 3-1 deficit from the first leg of this last-16 Champions League tie. Snookers, basically. An early Gunners goal is a must.

The Europa League generally takes a back seat to the Champions League, but this fixture would grace the bigger tournament. In fact, it did, in 2010, when Spurs were edged out 4-3 at the San Siro. CONFESSION OF THE WEEK!

'Her hands roamed over me'

I WENT with my boyfriend one afternoon to visit his family and met his gorgeous, curvy sister. She was still getting ready and asked me to join her. As soon as I walked into her room, she shut the door and said I was really sexy, then her hands roamed over my body while she ran her tongue up my neck. I couldn't stop myself responding and we started to kiss. She had my leggings down in seconds and started to play with my wet clit, while I put my hand up her skirt. We were on the bed in a 69 position when the door opened – it was her mum! I've not been invited back to the house since then!

Gina via email

'Posh hotel got me hot'

AN OLD friend was in town for business and had been put up in a grand

Victorian hotel, so I went for supper with her. The place was beautiful! Bursting for the loo, I raced into the disabled toilet. It had a giant ornate mirror and the sight of myself in my high heels, with my knickers

round my ankles, turned me on so much, my hand wandered downstairs. I heard someone try the door so I called out that it was busy. It was a male staff member and I felt even hornier knowing a guy was so close by. I tried to come as quietly as possible but couldn't help moaning with pleasure. As I sat in the restaurant, a few waiters caught my eye and I blushed – I was sure some of them had listened to me!

Frankie Essex

'My first threesome'

ON A recent night out, I met a guy who was a swinger and he suggested I should have a dabble. I told him I was single but he said I could still come along to a party and wouldn't be obliged to get involved. I'm always keen to try something new, so when he invited me to his house to have drinks with his girlfriend, I agreed. We had a few glasses of wine and a flirty chat, and then he started kissing and touching her. I watched with awe and couldn't help but feel aroused. They gave me a cheeky grin and I was soon feeling her breasts as he went down on her. Soon we were all over each other and having the most amazing threesome. I loved the feeling of being so naughty!

Jacqueline via email

'I worked him hard'

AT THE flats where I live, we've recently had some work done on our garages, and I always took tea and biscuits down once a day for the builders. One guy caught my eye – he was fit and also cheeky. We often flirted and I loved watching his muscles bulging as he went about his business. On their last day, he was left to clear up and I told him to pop up to my flat for a final cuppa, but I knew exactly what I was getting myself into! As my bell rang, I felt nervous but really horny. He stepped in and I pulled him to me, and we started kissing. I opened up the front of his jeans, and worked my fingers around his manhood. We never spoke and, after about a minute, he came. I got his number, so I'm hoping for more fun on his next visit!

1 Where's the strangest place you've had sex?

"I had sex in the middle of a forest, on the bonnet of a car. The snow was falling and the temperature was below freezing, but we were so caught up in the act that neither of us really noticed how cold it was until afterwards."

2 What's your trademark move in the bedroom?

"Guys love it when my dominant streak shines through. Handcuffs and a blindfold can really bring out my naughty side!"

3 What really turns you on?

"I love a guy who's more interested in me than his own image. Maybe he could be a little rough round the edges and dirty. Also, kissing my neck and ears really turns me on."

4 What's your favourite position?

"Doggy style. It's fast, furious and guaranteed to push all the right buttons."

5 Is it better to give or receive?

"Personally, I think it's better to receive as there's

nothing better than starting a session with an orgasm."

6 What one thing would you really like to try but haven't yet?

"I'd love to have sex in a lift, knowing that we had a very limited time until the doors opened and someone could either catch us or get in the lift not knowing what had just happened."

7 Ever got it on with another girl?

"Not yet, but if the right girl came along, I'm sure I could be easily persuaded!"

8 What's your favourite role-playing costume?

"My PVC catsuit. It's very tight and shows off all my curves in the naughtiest areas. It's guaranteed to get things hot and steamy between the sheets."

9 Have you ever made a sex tape?

"No, although it's been high on my to-do list for a long time!"

10 What's the rudest thing you've done?

"A game of strip poker once ended with me only wearing a smile. I definitely need more practice!"

"Handcuffs and a blindfold bring out my naughty side!"

Giggsy's 1,000 games pub ammo bonanza!

We dig up mad facts about Giggsy's amazing career!

SIR ALEX Ferguson has said it's not possible and it'll never happen again in his lifetime – Ryan Giggs has racked up an

incredible 1,000 games as an outfield player for Man United and Wales. *Nuts* pays tribute to him in the only way we know how – with a load of pub ammo!

His famous goal against Arsenal in 1999 was the last ever goal scored in an FA Cup semi-final replay – since then, semi-finals have been decided by extra time and penalties.

He played for England at schoolboy level and captained the side in a match against Germany in 1989.

He's the oldest goal-scorer in the history of the Champions League, and has scored in a record 16 different campaigns.

In 2011, Man United's magazine and website voted him the greatest player to ever represent the club.

He was the first player to win the PFA Young Player Of The Year Award twice

He is one-quarter Sierra Leonean.

1 Larson begins his misguided attempt to pass the car in front...

2 The subsequent crash sends Larson's car spinning into the air...

IN THE AIR!

Nascarnage!

Car wreck leaves 28 wounded!

➔ **IF YOU'RE** looking at these pics thinking, "Wow! There's no way anyone could've gotten away from that uninjured!" well, sadly, you're right. What is remarkable is that driver of car 32, Kyle Larson, did walk away unhurt – the 28 injured parties were all in the crowd at the Daytona International Speedway, Florida, when this 12-car pile-up happened last week. Although 14 required hospitalisation, miraculously, there were no fatalities, and they can now get on with suing NASCAR.

3 ...and it impacts heavily with the protective fencing...

4 ...sending shards of shrapnel-like derbis into the crowd.

WHOOOPS!

5 The impact sheared off most of the car's front end, but...

'It was not very nice!'

Kyle Larson tells us what the pile-up felt like!

Hi Kyle! How do you feel after this almighty wreck?
 "I've been in some really bad wrecks, and I'm sure I'll have more. Crashing is part of the risk. It happens. That wreck doesn't make me nervous."

What do you remember about this crash?

"It happened so fast, I kind of thought I'd gone upside-down, so I wasn't expecting to see half my car gone. I've never had an accident like that."

Have you been getting any stick from other drivers?

"Well, I got in the back of him [the driver in front] and spun him, which wasn't very nice, and I got a lot of criticism. I did what I thought I had to do to win the race. Looking back, I made a mistake in how I went about it."

6 ...miraculously, Larson walked away from his totaled vehicle unhurt!

HE SURVIVED!

KAMMY!

He's the voice of the fans – and he's only in *Nuts*!

"Hey, JT, what's a man gotta do to get a hug?"

What was Rafa playing at?

The Chelsea boss was allowed to make a fool of himself!

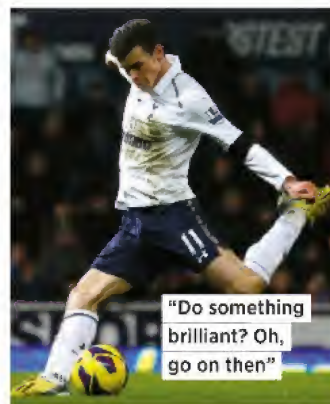

➔ **RAFA BENITEZ** has been on a hiding to nothing from the moment he took over at Chelsea. The fans were never going to accept him. Abramovich's hiring-and-firing policy is baffling, but the fans won't have a go at him directly because they're worried he'll think, "OK, I've had enough of this!" and take all his money out of the club. All this ire directed at Benitez is a

roundabout way for the fans to have a go at Abramovich.

It all ended up with Rafa losing his cool in the post-match press conference last Wednesday. But where was the press officer? I know most of the big clubs' press officers and they're usually very careful to guide their managers, but the press officer allowed Rafa to go on and on and dig his own grave. Ten minutes with the press officer and instead of

slugging the supporters off, the message could have been something along the lines of: "The fans have every right to say what they want, but they're starting to affect the players. I'm going at the end of the season, but in the meantime, please get behind the team and watch us win the Europa League and FA Cup."

That ten minutes, and that press officer, could have made all the difference.

"Do something brilliant? Oh, go on then"

Bale is close to greatness!

GARETH BALE – wow! He could be one of the greats of the modern game, but he has to do it over a sustained period before he can be bracketed with Ronaldo and Messi.

He's new to the position of playing just behind the striker, and it's been a bit of a masterstroke putting him there. I said it's his perfect position when Spurs played Newcastle and he scored two, and since then I've had loads of people saying they prefer him out wide, but I think they'll have reassessed the situation after his performance against West Ham last week!

Until recently, I would have said that my player of the year would be Michu at Swansea, but in these last three or four weeks, all of a sudden, you just have to look at Bale.

KAMMY'S UNBELIEVABLE-OMETER™

UNBELIEVABLY GOOD!

CITY PRIDE

It stirred the heart to see Bradford fans breaking out flags and singing even when their side went 4-0 down. Genuine football fans.

UNBELIEVABLY BAD!

RACE ROW

Mario Balotelli has been back in Italy for five minutes and is already receiving racist abuse from Inter fans. He did so much for Inter, too. Shameful.

Don't get your hopes up about Ron!

IN FOOTBALL, they say you should never go back, and I don't think Cristiano Ronaldo will be going back to Man United. United would have to break the bank to get him back and that's not Sir Alex's way. What's he going to command now? Three-hundred grand a week? He'll finish at Real Madrid then I imagine he'll wind down his career somewhere like China. He's on as big a stage as he could possibly ever be on, and is still banging them in even when Lionel Messi seems to be suffering a dip.

"Think about it, Ron - teeming rain, Boddingtons..."

"Quote me on that!"

This week's biggest match debaters!

"I can't think of a better way to spend my birthday than getting 90 minutes of abuse at Southampton"

Many happy returns, Harry Redknapp.

"I might trip Ronaldo up when the ref's not watching"

Sir Alex has a plan.

"West Ham are inviting all Bobby Moore's old team-mates to play on Monday"

Dan Walker on the Hammers' geriatric team.

"On Soccer Saturday, you won't see any shots, near misses or goals. It's a bit like watching Aston Villa"

Jeff Stelling gets himself banned from Villa Park.

"You'll never win a match with 11 lovers"

Martin Jol's not feeling the love.

Nuts **SPORT**

"We dominated the whole game, although they had the better of the first 30 minutes"

That doesn't add up, Frank Lampard.

"Giggs is 100-and-something years old"

Not quite, Merse.

"The game went on so long I thought Match Of The Day was going to start"

Gillingham boss Martin Allen exaggerates.

OO-ER SOUNDS A BIT RUDE CORNER!

"Mancini has probably pulled Nasri"

Paul Walsh on Man City's close-knit dressing room.

"We talked about holding our lengths a little bit longer"

England bowler Stuart Broad needs to get a grip.

"Sometimes it's hard to come"

Sounds like Andy Carroll's in need of some stimulation.
